

CYCLING EVENT WITH Young Adult Stroke Survivors

With over 200 adaptive cycles, Outdoors for All has one of the largest adaptive bike fleets in the country; almost anyone can find a bike that works for them! Our cycle options include: hand cycles for individuals with limited or no leg movement, recumbent and therapy trikes for those who need more stability, hand and foot powered cycles for children, tandem cycles for individuals who want a guide while riding, standard 2-wheeled bicycles and striders.

**All riders must wear a helmet while using Outdoors for All cycles*
